One team (or more!) will consist of Woodview Lanes staff. *If* your team beats the House (unlikely), your following week's lineage is FREE! The more teams we have, the better the deal gets!

8 teams or less: Beat the House to pay no lineage the next week

10 teams: Beat the House to pay no lineage or prize fund the next week

12 teams: 1 in 4 teams bowl against the house each week

14 teams: \$1.00 off most drinks at the bar

FREQUENTLY ASKED QUESTIONS

Q. Does everyone bowl against the house team each week?

A. If there are less than 12 teams in the league, only the team matched up against the house team can win free lineage. If there are 12 or more teams, however, 1 in 4 teams will bowl against the house each week!

Q. Is the house team eligible for prize money?

A. Absolutely! We pay the same bowling fees as you do (and don't get a chance to win free lineage). Want our prize money? Beat us!

Q. You'll throw us a bone and let us beat you once in a while, right?

A. No. We're here to win and take your money. We suggest you bring your "A" game!

Q. Does a blind (vacant) team count towards earning more benefits?

A. No, only actual teams count.

Q. What happens if the house team bowls a blind team?

A. We usually win all seven points, widen our lead in the standings, and laugh at the rest of you.
